

Horseback Riding

Guidelines

Resident Camp Program Activities • Summer 2011

Our council has approved specific horseback riding facilities. The staff at each of these facilities has worked with our council to offer activities that are appropriate for Girl Scouts. These are the only facilities a Girl Scout troop/girl may go to for horseback riding. Go to www.gswise.org, click on Events and Activities, click on Horseback Riding, and then click on Approved Ranches and Stables for more information about a facility.

Our council requires a permission slip/waiver form be completed and signed prior to anyone participating in any of the described riding activities. In addition, the horseback riding facilities require a liability waiver to be signed and turned in to them prior to any riding activities. The Girl Scout permission slip/waiver and one copy of the stable waiver needs to be kept by the Trip Leader (to be turned in to the council in the event of an accident). In addition, each parent must receive a copy of these guidelines.

Due to the girls' physical size and maturity level, Girl Scouts of the USA (GSUSA) and our council does not recommend horseback riding for girls younger than Girl Scout Juniors.

For the safety and security of all participants, the following Girl Scout National Safety Guidelines will be enforced by the horseback riding facilities and our council:

- No eating or drinking is permitted during the riding activity (this includes gum chewing).
- Participants must stay with their group.
- No yelling or screaming while on or around the horses.
- Only one rider on a horse at any time.
- Properly fitting protective headgear, provided by the stable, must be worn by all girls and adult participants (for proper fit, do not wear hats, hair clips, barrettes, pony tails, etc.).
- Proper clothing is required. This includes:
 - Snug-fitting clothing, including long pants (no baggy pants or shorts)
 - Boots or shoes (no sandals) with at least a half-inch heel (to keep feet from sliding through stirrups).
 - No dangly earrings, pendants, or bracelets may be worn.
 - No clothing can be wrapped around the waist (this includes fanny packs) to guard against items becoming tangled in the saddle.

Please review these rules and information with your camper, and be sure she understands that all rules must be followed or they will not be allowed to ride.

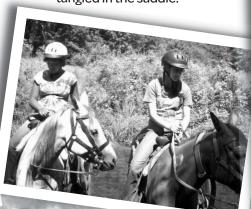

Additional safety rules may be covered at the stable before the riding activity begins.

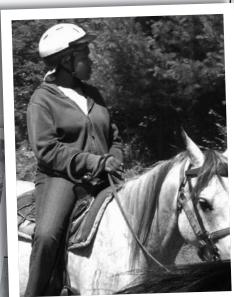

Any participant without a signed waiver form or not wearing the proper attire (i.e. shoes with heels, pants) will not be permitted to ride.

As per Safety-Wise, trail riding will only be allowed based on the ability of the least experienced rider. For the safety of the girls and the entire group, if the instructors do not feel that all of the girls can control their horses sufficiently to go out of the ring, the entire group will not participate in a trail ride. No refunds will be issued.

Remember that horses are unpredictable, and while following these safety precautions will reduce the likelihood of an accident, it does not eliminate the risk.
