What is a Journey Jumpstart?

Take a moment and think about a favorite memory from a trip you've taken - the fun adventures you had with your family or friends, new people that you met or a new food that you enjoyed eating.

For girls, Journeys are all about the experiences and the adventures they discover with friends. A Journey is a trip that girls take to build their leadership skills. It's the core leadership program, a series of three themed books for each level – and like a trip, it is about the things girls do along the way.

At a Journey Jumpstart, girls will get a “jumpstart” on their Journey adventure by engaging in various Journey activities and opt to earn one of the three awards in that Journey. If girls decide they would like to complete all of the awards after the event, that's up to them. It's a girl's Journey, so she chooses where it will take her. Adults will see how to do activities right from the Journey, make adaptations to activities to meet girls' interests and take side trips to do completely new activities that are related to themes within the Journeys. Mini adult enrichment sessions will happen during the event and allows adults to learn more about supporting girls in their next steps and network with other volunteers.

During the event, all of the activities will be set up as stations. Girls will work as a group to determine how they will decide which activities to do, there will be many to choose from. Each troop/team is responsible for making sure that all their members are engaged along the way.

It's your Journey so you decide!

- Girls pick and choose the activities and work on them together as a troop, supported by the adults attending with them,
- or
- We'll create teams for girls attending individually.

Fee includes:

- A Journey book for each girl, distributed at event.
- An adult guide for each troop/individual, distributed at event. Adults will be directly supporting their girls but can also participate in a Journey enrichment to facilitate continuation of the Journey.

d Daisies
