Are your Girl Scouts looking for a new, fun adventure? At the three museums of the Kenosha Museum Campus your troop can hunt for fossils, be inspired to create their own artistic masterpiece, or explore Wisconsin's 19th century past.

With safety and social distancing in mind, these museum educator led programs have been designed for a maximum of 10 scouts and their chaperones. Dates and times are flexible, pending availability of museum staff. Programming can be adapted to any age level. For more information or to reserve your program, please contact **scouts@kenosha.org**.

Lake Michigan Fossil Hunting

Kenosha Public Museum, 5500 First Ave, Kenosha

Duration: 90 minutes

Max. Number of Scouts: 10

Cost per Scout: \$10

Scouts hunt for fossils along the sandy shores of Lake Michigan and discover clues to Wisconsin's ancient underwater past! Your troop will meet inside the Kenosha Public Museum for a brief introduction to the types of fossils they will find before heading to the lakeside fossil collection area. Note: This outdoor program is dependent on weather and beach conditions. Transportation to the fossil collection area is the responsibility of the troop and is not provided by the Museum.

Artistic Adventures

Kenosha Public Museum, 5500 First Ave, Kenosha

Duration: 120 minutes

Max. Number of Scouts: 10

Cost per Scout: \$20 (includes all supplies)

Your troop can choose an artistic exploration in printmaking, still life painting, or polymer clay. The two hour curator led program will introduce the project, show technique, and allow for each scout to work on their own design with assistance as needed. Each scout will leave with a finished piece of artwork.

Historic Hometown

Civil War Museum, 5400 First Ave, Kenosha

Duration: 90 minutes

Max. Number of Scouts: 10

Cost per Scout: \$10

The Historic Hometown program introduces scouts to the life and times of Upper Midwest Civil War era soldiers and civilians using the Museum's *Fiery Trial* exhibit, hands-on activities, and conversations led by museum staff. Scouts will play historic games, handle artifacts, and create their own flag as they learn about our region's history. (This program fulfills several requirements of the Brownie Celebrating Community badge and the Junior Playing the Past badge.)
