

Girl Scout Leadership Network – Sensitive Topics Permission Form

Dear Parent/Guardian,

Your Girl Scout is a member of the Girl Scout Leadership Network. As a member of this group, meetings may include a variety of learning enrichments designed to address girls’ interests that they expressed through the application process. The topics are listed below, some of these topics are of a sensitive nature:

- | | |
|--|--|
| Social media/Self-image | Politics |
| Mental health/Anxiety/Suicide/Depression | Animal Cruelty/Animal Safety |
| Time Management | Healthy Eating/Eating Disorders |
| Racism/Diversity | Healthy Relationships |
| Gun violence/Crime | Personal Finance |
| Job/Career preparation/College preparation | LGBTQ+ Issues |
| Natural disasters/Environmental Issues | Substance Abuse |
| Homelessness | Volunteer Opportunities |
| Languages | Female Rights/Gender Equity |
| Peer pressure/Bullying | Peer Pressure/Bullying/Microaggression |

GSWISE will work with professionals in the chosen topic areas (based on girl feedback) to facilitate learning enrichments at meetings. Learning enrichments will be carefully and thoughtfully prepared to help girls better understand the topics chosen. While GSWISE believes that these learning enrichments will be an asset to most girls, we also understand and appreciate that parents/guardians are best able to gauge the maturity level of their Girl Scout and decide whether the topics listed above are appropriate for them.

If you are comfortable having your Girl Scout learn about these topics during Girl Scout Leadership Network meetings, sign this form and check off the appropriate boxes below. A Girl Scout not taking part in the learning enrichment will not attend this portion of the meeting or will have another activity available for her to participate in.

Should you have any questions regarding the learning enrichments, please feel free to contact Sue Molina at 414-443-3918 or smolina@gswise.org.
