Adult Volunteer Details

The girls need *you!* **One adult volunteer is required for every 5-8 girls during each day of camp.** That means each family should register at least one adult to help for at least one day during day camp. **This day camp is 100% organized and facilitated by adult**

volunteers. Support your Girl Scout and spend a day (or five!) helping her and her friends. Volunteers don't have to be moms – dads, grandparents, family friends, young adult volunteers, Girl Scout alums, and more are welcome! Your camper or troop will be on a waitlist until supervision requirements are met.

Peewees (boys and girls ages 3-5) and Boys (ages 6-12) are welcome on days the parent/guardian is volunteering (fee: \$15 per day), but they must be potty-trained and mature enough to participate in a full day of camp.

We are still looking for key coordinators for activities! If you would like to volunteer in an activity rather than a group – please reach out! The more volunteers we have, the more activities we can have at camp.

Volunteer orientation is the Sunday before Camp Week at Chinook, starting at 1:00 pm in the Activity Station. We will discuss expectations as a volunteer, answer any questions, and pass out valuable papers.

Food and Allergies

Fox Springs August is proudly a nut-free camp. We work with families to accommodate various allergens such as gluten, dairy, soy, coconut, fruits, and other dietary restrictions. Please be mindful that food provided by the camp is within our control – bagged lunches brought in by other campers may have instances where allergen cross-contamination may occur.

A snack is provided daily. A bagged lunch is needed at least twice during the week – a finalized bagged lunch schedule is provided with camper confirmation. A lunch will be provided if your camper needs and/or forgets one. We cook over a fire two days a week.

Please send a bagged lunch each day for strict allergies, dietary restrictions (ie: vegan), or very picky eaters.

Health Information

Your camper's safety is our number one priority. We follow state licensing, American Camp Association Accreditation, and Girl Scout safety standards. Our standards include, but are not limited to:

- Certified lifeguards, health supervisors, behavioral health specialists, first aiders, and high-risk activity instructors
- Background checks for all adult staff and volunteers
- Training for all staff and volunteers to prioritize your camper's physical, mental, and emotional wellbeing
- Camps are licensed and inspected by state health inspectors
- Weather is monitored, and plans are in place for heat, storms, and other emergencies

How do parents prepare medications for camp?

All medications, prescriptions, and non-prescriptions must be given to the health supervisor in the morning. All medications must come to camp in its pharmacy bottle with the camper's name, name of the medication, and current dosage clearly written on the bottle. Without this information, the medication will not be accepted. All medications should be indicated on the camper's registration on the medication administration form on CampMinder. Please make sure all non-prescription medication is in its original container. **Campers cannot keep medications in their belongings while at camp, except for epi pens and inhalers.**

What if my camper becomes ill or injured at camp?

The health supervisor will administer first aid and follow the written procedures given by the camp physician. If a camper becomes so ill that a long rest period is required for recovery or cannot remain at camp, they may be sent home. If a camper's illness or injury is severe, they will be given emergency care at the scene and then the parents/guardians will be notified. In life-threatening situations, treatment may begin before notification. The following medications are stocked at camp and used (if approved on camper's health form) as an as-needed basis to manage illness and injury including Tylenol, Neosporin, anti-itch cream, Aloe, tums, ibuprofen, Benadryl, eye drops, and EpiPen.

How does Girl Scout insurance cover my camper?

Girl Scout insurance provides supplementary coverage to campers' personal insurance and includes sickness and accident coverage for incidents during their camp stay.

Arriving at camp healthy

Please help us keep other campers, volunteers, and staff healthy this season by keeping your camper at home if they are not feeling well or are sick. If anyone is running a fever or has any consistent symptoms/signs of a contagious illness or disease, campers may be sent home until they are symptom-free and released for participation with a doctor's note from their provider.

**Please contact the health supervisor for any attendance updates for your camper during the week of camp.*
