At Jellystone Park™, girls can develop essential outdoor skills through hands-on experiential learning! From fire building and outdoor cooking, to teamwork and survival skills, our programs empower them to thrive in nature. Choose from a **Badge Program** or an **Outdoor Skills Program** - details below!

Fire building & cooking introduction

Building a fire is one of the oldest and most essential survival skills. From staying warm and cooking outdoors to gathering around for s'mores and campfire stories, fire brings people together. Through hands-on activities and guided support, girls will gain the confidence and skills needed to build a fire whenever adventure calls.

Daisy, Brownie, Junior
