Who can volunteer?

Program Aides

Girl Scouts entering grades 6-12

Have fun, strengthen your leadership skills, and meet new friends while working directly with younger Girl Scouts. There are no registration fees for events when Program Aides register to assist, and you will need to be at least two years older than the Girl Scouts you are working with. You may want to consider attending Program Aide Training (encouraged but not required). Training gives you hints and tips for working with younger Girl Scouts.

Adult Volunteers

Share your passion, have fun, and positively impact Girl Scouts' lives. Activities are already created, and materials are provided. Some events may require a specific skill, such as outdoor cooking, but most require no prior knowledge. Come learn a new skill with us!

How can I sign up?

All Program Aides must be registered Girl Scouts. Adult volunteers working directly with Girl Scouts must be a registered member and complete a background check. To volunteer or receive more information, email customercare@gswise.org or call 800-565-4475 and ask for volunteer opportunities or follow the registration link in the listing when applicable.

Be a part of the excitement as you help Girl Scouts lead, laugh, and learn. Adult and teen volunteers are needed to assist with a variety of activities including council events, service unit events, camp, recruitment events, trainings, and more! Volunteering is very flexible. Read the session descriptions listed inside and pick the topics, dates, and number of volunteer opportunities that fit your passion and schedule!
