

GIRL SCOUT PROGRAMS

at Wehr Nature Center

Join professional naturalists to explore 220 acres of natural treasures on over 5 miles of trails at Wehr Nature Center. We provide Girl Scout programming featuring fun-filled, hands-on activities designed to meet badge requirements. Programs are offered year-round and last 1.5 hours. We offer outreach programs that bring some of our programming to your facility or a Milwaukee County Park near you. We will also work with your group to coordinate with your special theme.

FOR GIRL SCOUT DAISIES:

- Animal Observer
