Troop Proceeds

Your troop proceeds amount is shown on the summary report and will be in your troop bank account once all money is collected from customers and deposited. The payment on December 1 is only for the amount due to the council and your proceeds remains in your troop account. If your troop had all online orders or more online orders than order form orders, your balance due will be a negative amount. This means the council owes your troop that amount to make up your troop proceeds. Troop credits will be electronically transferred into your troop account the week of December 1.
